To whom it may concern:

I am currently Andres Rodriguez's sophomore chemistry teacher and I have had the opportunity to get to know him since the start of this school year. As his science teacher, I have seen that Andres has a skilled work ethic and appreciates turning in high quality work. He is very studious and is proficient in science, math and writing. Furthermore, Andres is very skilled in balancing his academics with extracurricular activities. Andres is currently in baseball and has high expectations for himself, on and off the field. In addition, Andres is also extremely polite and courteous. Andres would be an asset to any organization. Please feel free to contact me if you have any additional questions or concerns.

Thank you,

A handwritten signature in blue ink, appearing to read 'Marissa A. Flores', written in a cursive style.
